

Jobwhisper 30-Day SMART Plan for Self-Sustaining SBU

Objective

Generate at least \$5,000 in monthly revenue while validating a repeatable path toward \$10,000 to \$20,000 monthly revenue through subscriptions, paid acquisition, upsells, Done-For-You services and renewals.

Revenue Funnel

Ads → VSL → \$40 First-Time Pro Offer → Material Upsells → Payment → \$497 / \$999
Done-For-You Upsell → Product Usage → \$99/month Renewal

Pricing and Usage

Plan	Price	Copilot / Interview Prep Usage at \$0.10/min
Starter	\$47/month	470 minutes
Pro	\$99/month	990 minutes
Premium	\$197/month	1,970 minutes

First-Time Pro Offer: 60% off. Customer pays approximately \$40 for the first month, then renews at \$99/month.

Done-For-You offers: \$497 and \$999.

30-Day Revenue Targets

Revenue Stream	Target	Revenue
First-Time Pro	100 customers × \$40	\$4,000
Material / Digital Upsells	Across new customers	\$500
Done-For-You	At least one \$497 sale, with \$999 package also available	\$497+
Month 1 Total	Minimum KPI	\$5,000+

Paid Advertising

- Test budget: up to \$1,500 for 30 days.
- Target blended CAC: \$15 or less per first-time paying customer.
- Start with smaller tests and scale only ads and audiences that demonstrate strong conversion.

Retention and LTV

The \$40 Pro offer is primarily for customer acquisition. Customer lifetime value should grow through continued usage, \$99 monthly renewals, top-ups, relevant upsells and Done-For-You services.

Target first renewal rate: 40% or higher.

40 renewed users × \$99 = \$3,960 recurring Month 2 revenue.

This is before new customer sales, top-ups, upsells or Done-For-You revenue.

SMART KPIs

KPI	30-Day Target
New First-Time Pro Customers	100
First-Time Pro Revenue	\$4,000
Material Upsell Revenue	\$500
Done-For-You Offers	\$497 and \$999
Total Month 1 Revenue	\$5,000+
Ad Test Budget	Up to \$1,500
Blended CAC	\$15 or less
First Renewal Rate	40%+
Month 2 Renewal Revenue	\$3,960 from first cohort
Growth Direction	Validate path toward \$10,000–\$20,000/month

Weekly Execution

Week 1: Launch US VSL funnel, \$40 Pro offer, checkout, upsells, DFY offers and initial ads.

Week 2: Test ads and audiences, monitor CAC and conversion, optimize the funnel and begin closing DFY customers.

Week 3: Scale stronger ads, improve weak funnel stages, push relevant upsells and improve activation.

Week 4: Push toward 100 Pro customers and \$5,000+ revenue, then review CAC, customer value and renewal readiness.

30-Day Success Outcome

By Day 30, Jobwhisper should generate at least \$5,000 in revenue, acquire approximately 100 first-time Pro customers, generate \$500 from material upsells, validate demand for the \$497 and \$999 Done-For-You offers, and establish a measurable path toward a 40%+ first renewal rate.

The goal is to prove that Jobwhisper can acquire customers profitably, increase their value after acquisition and retain enough users at the regular \$99 Pro price to build predictable recurring revenue.
